Dear Parents,

We have been invited to put forward families to participate in The Hubb Pot Project. There will be 3 waves of this project running in November, January and February.

The project supplies families with a slow cooker for free along with a recipe book which they can use along with the slow cooker along with food vouchers.

There are certain criteria which a family will need to meet to qualify to be put forward for this project and they are one of the following:

- Children in the household are eligible for free school meals
- Children in the household are on Education and health care plans
- The family are in receipt of income related benefits.
- The household is on a low income and unable to meet existing living expenses.
- Members of the household are in poor physical or mental health

For those on the first wave, The Hubb Project would like some families / venue to be involved in a short video which will be produced showcasing the project and will show the start of the collection of the slow cooker to finish of the project which will be families cooking the meals. This video will be used to help promote the project.

The slow cookers will be delivered to school for distribution to the families who have been successful in their application.

If you are interested in the above, please contact Mrs Claire Meadowcroft at school on 01782 235790 as soon as possible – applications need to be in by Wednesday 16th November (morning) in confidence who will speak to you about the very easy application process.

Kind Regards,

Goldenhill Primary Academy
