

Science

In Science, we will be completing unit called 'Animal Survival' and 'Materials', This will include investigating how we can help care for animals and looking at what different products are made out of and recycling.

PE

PE this half term will be with Bee Active on **Tuesday** and **Thursday**. Children should arrive at school in their PE Kit and stay in their PE Kit for the rest of the day. Please ensure earrings are covered.

Maths

In Maths we will be continuing our learning of multiplication and division (including times tables). Please use TTRS at home too! We will also be learning about statistics and money!

English

We will begin our next text 'Where the Wild Things Are'. Within this text we will write a retell of the story and create a diary entry. We will also work on our imaginations and creative writing to create our own magical setting description. Year 2 will at the end of the term create a friendship poem too!

Computing

We will be using Purple Mash in all lessons to help build our computing knowledge and learn about coding and how it works in the real world!

History

We will be looking at significant people from the past and the present day. We will find out why they are significant and what impact these people had upon the past and our lives today. We will rank these people of importance and be able to justify why.

Geography

We will be looking at historical landmarks including the voyage of Christopher Columbus!

Movers and Shakers

D&T

We will create our own felt pouch suitable for the queen on her next royal visit. We will learn how to use and sew different materials.

Art

We will be looking at statues of importance and significant landmarks and creating our own. We will also be looking at primary and secondary colours and creating collages.
