

Science

In Science, we will be completing unit called 'Plants',

This will include what plants need to survive, the life cycle of plants and plants that we can eat. Children will even create their own farm.

Computing

We will be using Purple Mash in all lessons to help build our computing knowledge and learn about coding and how it works in the real world!

History

We will be looking at significant people from the past and the present day. We will find out why they are significant and what impact these people had upon the past and our lives today. We will rank these people of importance and be able to justify why.

Geography

We will be looking at historical landmarks including the voyage of Christopher Columbus!

PE

PE this half term will be **Health & Fitness** on **Mondays** and **Fundamentals** on **Tuesdays**.

Children should arrive at school in their PE Kit and stay in their PE Kit for the rest of the day.

Maths

In Maths we will be continuing our learning of multiplication and division (including times tables). We will also be learning about fractions (including $\frac{1}{2}$, $\frac{1}{3}$ and $\frac{1}{4}$)

English

We will continue with our class text, The Tunnel where we will create our own setting description of the mystical forest that the characters enter, a retell of the story and a diary entry from the viewpoint of one of the characters. To end the unit of work we will be looking at suffixes and creating a friendship recipe to create the best best friend!

Movers and Shakers

D&T

We will create our own felt pouch suitable for the queen on her next royal visit. We will learn how to use and sew different materials. We will also create a magnificent picnic for all our significant individuals to eat!

Art

We will be looking at statues of importance and significant landmarks and creating our own.
