

Science

In Science, we will be completing unit called 'Everyday Materials', which involves learning about different materials and their uses. Including looking at what objects are made from, their suitability and recycling!

Computing

We will be using Purple Mash in all lessons to help build our computing knowledge and also learn about coding and how it works in the real world!

History

We will be looking at old photos and evidence of the past in the local area and comparing it with the area today. Is anything still the same, or has it all changed?

Geography

We will be using maps (both old and new!) to see how the local area is presented now and how it was in the past. We will also look at creating our own map of our ideal local area.

Street Detectives

PE

PE this half term will be **Core Skills** on **Mondays** with Bee Active and Fitness on **Wednesdays**. Children should arrive at school in their PE Kit and stay in their PE Kit for the rest of the day.

Maths

In Maths we will be learning all about place value. Including numbers as words, tens and ones, even and odd numbers and finally addition and subtraction! We will start by partitioning numbers to 100.

English

Our class text is going to be Goldilocks and the Three Bears. We will be rewriting the stories in our own way by using the fantastic descriptions within the story and plotting a revenge against Goldilocks!
In our Creative Writing, we will be writing our own counting sea poems using a range of adjectives and exciting vocabulary.

D&T

We will work on creating pouches for us to use when supporting our local business. We will be using felt to create the pouches.

Art

We will be learning all about the work of LS Lowry and the style of his artwork. We will then be creating our own versions of his work to represent the local industry! We will also be creating our very own bottle kilns out of clay next week!
