

Misty Mountain Winding River

Science- States of Matter

This project teaches children about solids, liquids and gases and their characteristic properties. They observe how materials change state as they are heated and cooled, and learn key terminology associated with these processes.

Science – Sound

This project teaches children about sound, how sound is made and how sound travels as vibrations through a medium to the ear. They learn about pitch and volume and find out how both can be changed.

English

Writing: Escape from Pompeii by Christina Balit

Fiction - Historical narrative from character's point of view
Writing outcome: Write the story from the point of view of one of the children.

Guided Reading:

Our Class Text is "**Harry Potter and the Philosopher's Stone**"
