

Reading

In English we are reading Prince Caspian
by C.S. Lewis.

Each week there will be lessons on:

- *Reading each chapter.
- *Find & retrieving answers from the text.
- *Thinking about characters, feelings,
- *Thoughts and actions.
- *Vocab and meanings of words from
each chapter.

Colons, lists and bullet points
Chunks of meaning: the verb 'to be' and
subject, verb, complement.

Maths:

Number – Decimals, Percentages,
Measurement – Converting Units,
Perimeter, Area and Volume,

Number- Ratio

Problem Solving

Applied Maths - Coordinates – Map
Work
Ordering of Numbers.

Science

Evolution and Inheritance:

This unit builds on the children's learning from the Year 3 Rocks unit as well as the Animals including Humans and Living Things and their Habitats units. As such, it is important that children have the appropriate understanding of fossils, habitats and human development in order to grasp the concepts and ideas presented to them in these lessons. Children will learn about variation and adaptation. They will be able to explore how both Charles Darwin and Alfred Wallace separately developed their theories of evolution. They will examine the scientific evidence from plants and animals that has been gathered to support the theory of evolution.

Topic: History (Maafa)

How does black culture enrich Britain today?

It explores Britain's role in the transatlantic slave trade.

Explores Africa past and present and the development of the slave trade. It also explores Britain's role in the transatlantic slave trade, the causes and consequences of the European colonisation of Africa and the worldwide communities that make up the African diaspora.

Geography Sister Unit: Our Changing World

- Identify the position and significance of latitude, longitude, Equator, hemispheres
- Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.
- Use fieldwork to observe, measure, record and present the human and physical features in the local area
 - Use eight point compass
