October 2021

Dear Year 6 Parents/Carers

It is with great pride that I write to you as the new Headteacher of Kidsgrove Secondary School (KSS). I wanted to take this opportunity to extend a warm welcome to you as the parents/carers of year 6 students who will be visiting the school in the next few weeks.

My wonderful transition lead, Mrs Castrey has organised events such as a mathematics extravaganza, science experiences and musical performances, we cannot wait to welcome our guests. Combined with subject experiences your child will also get to experience our new digital strategy in action as we have just launched our exciting student iPad initiative which has transformed the way in which Kidsgrove Secondary School students learn. We are passionate about the power of technology, including the use of iPads, to invigorate and inspire our students learning. Every child who joins KSS will receive their very own device funded by the school.

The student iPads are only one aspect of technology at KSS as we also have our very own digital immersive room and virtual reality suite. The facilities allow students to walk inside Egyptian pyramids, explore the solar system and even walk along a Victorian street. I am excited to showcase this to the Year 6 students this month.

Finally, I hold a weekly Headteacher drop-in, for any prospective parent/carer that wishes to ask any questions about the school and the improvements we are continuing to make. I look forward to meeting you soon. In the meantime, please check out our Facebook page for news and updates about our wonderful students.

Yours faithfully

A handwritten signature in black ink.

Mr S Frost
Headteacher
